### EXAMINER'S REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding claim 39, None of the prior art of record teaches or discloses an illumination system for microlithography projection exposure apparatus comprising a light distribution device generating a predetermined, two-dimensional intensity distribution from the light from the primary light source in a first surface of the illumination system, a first raster arrangement receiving the spatial, two-dimensional intensity distribution and generating a raster arrangement of secondary light sources, a second raster arrangement at least partially superimposing light from the secondary light sources in the illumination field, the light distribution device comprising at least one diffractive optical element generating an angular distribution whose far field has separate or contiguous luminous zones which are coordinated in terms of form and size with the form and size of individual first raster elements of the first raster arrangement.

Regarding claim 58, None of the prior art of record teaches or discloses an illumination system for microlithography projection exposure apparatus comprising a light distribution device generating a predetermined, two-dimensional intensity distribution from the light from the primary light source in a first surface of the illumination system, a first raster arrangement receiving the spatial, two-dimensional intensity distribution and generating a raster arrangement of secondary light sources, a second raster arrangement at least partially superimposing light from the secondary light sources in the illumination field, wherein the light distribution device comprises at least one diffractive optical element that generates separate or contiguous luminous zones that are matched in form and size to individual raster elements within a subset of the first raster elements of the first raster arrangement.

***Drawings***

The drawings filed on Aug. 25, 2006 are approved.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
